TAN OXFORDS

ARE NECESSARY THIS SEASON.

THE Tan Oxford is this season claiming its rightful place as the best summer shoe. Tan is the coolest leather that can be worn—the softest and easiest on the feet. Many exclusive styles here, including several of the season's fad—the sailor tie.

Brown Ooze Calf Sailor Tie, welted soles, Cuban heel, plain toe \$3.50

Brown Kid Sailor Tie, welted soles, medium heel and toe - - \$3.00

Brown Kid Sailor Tie, turn sole, soft as a glove, rather narrow toe \$3.00

Laird, Schober & Co.'s Tan Oxfords

A southern tie, made of tan kid, with cloth top and very light turn sole; is a great seller; extremely soft and pleasant to the feet. Then, a great variety of Russia calf welt oxfords for street wear.

The southern tie is \$4

Queen Quality Tan Oxfords

Gibson Ties, blucher oxfords and plain lace styles in Russia calf, with welted soles, sailor ties, Gibson ties and button oxfords, in tan vici with light flexible soles. Prices:

Laird, Schober & Co.'s are practically the only women's fine shoes in the country. They are unequalled in any respect—but especially in daintiness of style, flexibility and ease to the feet, and superb fitting qualities.

Queen Quality Oxfords are pre-eminent among medium-price shoes—especially in the point of comfortable fit, and we carry a large enough variety in both lines to insure a pleasing selection and perfect fit.

HANDSOME COUNTRY HOME DESTROYED.

The handsome country home of Rev. Wm. L. McEwan, D. D. (then occupied by his brother, Mr. Jas. A. McEwan, as a residence), located near Woodlake, this county, was burned to the ground on Wednesday afternoon.

Mrs. McEwan was alone in the house at the time the fire started, but called several neighbors by telephone, but too late to save the house, or even much of its contents.

The building was a two-story frame, and it is supposed a spark from the chimney fell on the roof of the rear portion of the dwelling. When first discovered it was only a small blaze, but at a point not accessible for a lady.

The loss is total and will foot up about \$5,000, with partial insurance.

It will be rebuilt at once, or so soon as proper arrangements can be made.

RECOVERED HIS SPARKLER.

During the Confederate Rennon, at Louisville, Mr. S. C. Herbst, of Milwaukee, Wis., owner of the Old Judge Distillery, in this county, lost a handsome diamond pin. He reported the matter to the Louisville police, but they did not recover it. Mr. Herbst then put the matter in the hands of the Pinkerton Detective Agency and they soon recovered the gem. Naturally Mr. Herbst does not admire the Louisville detectives.

SPLENDID UNION DEPOT BURNED OUT.

The union depot at Tenth and Broadway streets, Louisville, was gutted by fire on Monday night. Loss \$350,000. Defective insulation of electric wires was the supposed cause of the fire.

Traffic was suspended for some time.

ON STRIKE.

The carpenters employed on the new Rogers building went on a strike, Monday, for a nine-hour day at same pay as for ten hours. Putting on city style.

UNFORTUNATE SITUATION.

We regret exceedingly to see the unfortunate situation into which the Tractor has gotten in its controversy with the City Council.

FORMER FRANKFORT MAN OPENS BANK.

On Monday last Mr. Alexander Julian, brother of Mrs. George W. Chalm, of this city, opened up a bank in Cincinnati, Ohio. The first day's business showed a deposit account of over \$200,000. That speaks well for Mr. Julian's standing in the Cincinnati business world.

COHAN'S STELLAR DEBUT.

"Little Johnny Jones" an Added Laurel to the Wreath of that Clever Author-Comedian.

George M. Cohan and his others, singing and dancing comedians, are at the Walnut Street Theatre, presenting his newest musical play, "Little Johnny Jones." Mr. Cohan, as is well remembered, has been the prime factor with the four Cohan's Company for many years. The discontinuance of that famous theatrical name finds Mr. Cohan a solar star. The young author-actor is surrounded by a most clever company, and in it are Jerry J. Cohan, Helou E. Cohan, and Ethel Levey. Cohan—so we find a quartette of Cohan's just the same. Mr. Cohan as a single star will carry a much larger and better company than the "Four" we are accustomed to, and the production is considerably more pretentious than previous ones. Besides the star and the Cohan's we have mentioned above, other members of the company include Miss Truly Schattuck, J. Bernard Dyllin, Tom Lewis, Sam J. Ryan, C. Jack Harrington and Donald Brian. There is a large chorus and plenty of pretty dashing young ladies. "Little Johnny Jones" is full of song hits.

The lay is in three acts and four scenes, the second act being a transformation on new and original lines. Act first is the court scene of the Hotel Cecil, London. Act second gives a correct representation of the American Lane pier at Southampton, and Act third is a scene in Chinatown, San Francisco. The costumes are gorgeous. The dressing is of one single musical number is over \$5,000.—Philadelphia News.

"Little Johnny Jones" will appear at the Capital Theatre during season of 1965-6.

HOW DOES HE KNOW?

The fashionable women in New York now wear neckties and flannel much older stockings. Women in the hills, back of Frankfurt, do not wear any leg covering at all and find it the coolest of all.—Kentucky State Journal, July 19.

AGAIN WE HAVE IT.

There are rumors of a big thing in the way of constructing the line of electric railway from this city to Versailles, and other points. We have had so much "hot air" on this subject that we are inclined to be skeptical about the whole matter until we see actual work being done with pick and shovel. "Go to."

REV. "PETER" VINEGAR DEAD.

Rev. Alexander Campbell "Peter" Vinegar, the noted colored preacher of Lexington, died on Wednesday last, from the effects of age and extreme heat. He was altogether a unique character. His most noted texts were: "A Damned Hot Day," which he interpreted to be the judgment day; "Wheel In De Middle Of A Wheel," was Christ in the Christian religion; "Watch Dat Snake," to waken one's temper; "Hell Ain't A Mile From Lexington," meaning the Lexington workhouse. It is said he had baptized over 3,000 converts. He was under engagements to hold protracted meetings, up to and after the date of his death, in different parts of the country.

REUNION OF MORGAN'S MEN.

The annual reunion of Morgan's Men will be held at Parks' Hill Camp Ground, on Tuesday and Wednesday, August 15th and 16th. AUGUST SUGGESTION.

There is a growing interest among thinkers and progressive people in such subjects as drugless healing, nature cure, psychic research, practical everyday psychology, auto-suggestion, will-power, memory culture, brain building and allied subjects. Those topics are discussed in the August issue of Suggestion, a journal of the New Psychology for health, happiness and success. The principle articles discuss stability, peace and determination in character building; hygiene; the cause and cure of old age, etc. Suggestion Publishing Co., 1229 Drexel Building, Chicago, Ill.

OH! BUT IT WAS GREAT.

That game of base ball between the State Officials and the County and City Officials was something great. There was more fun than any two circuses.

The best of it all was that the King's Daughters Hospital were helped out to the tune of \$300.

A record-breaking crowd was there to see the fun.

Of Ague and Malaria, can be relieved and cured with Electric Bitters. This is a pure, tonic medicine; of especial benefit in malaria, for it exerts a true curative influence on the disease, driving it entirely out of the system. CONSUMPTION'S WARNING

Inside facts soon become evident in outside symptoms.—Dr. G. G. Gieser.

QThe aid of scientific inventions is not needed to determine whether your lungs are affected. The first symptoms can be readily noted by anyone of average intelligence.

QThere is no disease known that gives so many plain warnings of its approach as consumption, and no serious disease that can be so quickly reached and checked, if the medicine used is Dr. Boschee's German Syrup, which is made to cure consumption.

QIt is in the early stages that German Syrup should be taken, when warnings are given in the cough that won't quit, the congestion of the bronchial tubes and the gradual weakening of the lungs, accompanied by frequent expectoration.

QBut no matter how deep-seated your cough, even if dread consumption has already attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble.

"DO IT TO-DAY."

The time—warn Injuncheon. "Never put off 'till to-morrow what you can do to-day," is now generally presented in this form: "Do it to-day!" That is the terse advice we want to give you about that hacking cough, or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it to-day—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. TRIAL OF CONDEMNATION SUIT.

The jury in Judge Polsgrove's Court, appointed to assess the damages to the Sullivan heirs by reason of the condemnation of the Gagle drug store building for the new depot for the L. & N. R. R., fixed the damages at \$12,500. The commission appointed to value the property fixed the same at \$13,750. The property is assessed for taxation at \$1,000—quite a difference.

The way the thing looks now we will have no new depot—\$32,000 being too steep just for the ground and buildings (the latter to be torn away), leaving out of view the cost of the new buildings.

That's Frankfort enterprise.

EXCURSIONS AND INCURSIONS.

Sunday was a red letter day for excursions and incurSIONS. There were excursions over the F. & C. Ry. to Cincinnati, over the L. & N. to Louisville, and the steamboat excursion to river points. Then there were incurSIONS over the F. & C. Ry. from Paris, Georgetown, etc., and lots of people came in from Lexington and Louisville on the low rates given by the railroads. Altogether some six hundred people left here and a very respectable number came in, so the account was about squared.

NEW PAPER.

That veteran of the news fraternity, Col. Moser O'Connor, launched a new journal upon the news world of this city on Monday morning. It is a well gotten up and well edited paper. Its cognomen is the Frankfort Courier. It will be issued every Monday. It has some very splay and salty articles political, of course, as we are not in that line, we can only look on as the flashing blades clash together. A local wag has given us this query: How long will it be before the heading will read Courier-Journal?

RAILROAD RATES FOR FAIR.

The Kentucky State Fair has been advertised throughout America already. As soon as it was published that Lexington, the home of the finest horses and best cattle, was chosen as the place for holding the fair this year, American everywhere began to plan to take advantage of the expected low rates and visit the most beautiful section of the State. Not only are the exhibitors and the people enthusiastically preparing to attend the fair, but letters have been received by citizens of Lexington, requesting them to be their visitors, with the railroad companies to get low rates to Lexington at that time.

CALL FROM FLORIDA.
Dr. R. L. Willis, of Lexington, received the following letter from a life-long friend of his at McIntosh, Fla., which was dated June 26th, and the letter urges him to use his influence with the board of supervisors of the State Fair to get low rates to Lexington on the railroads.

As Lexington is to have a fair, I presume the many officers will be there and you will know them. I write you to please see them and get them to apply for a very low rate from all points in the south, say from the 10th of September, to be good until October 10th, or something like that. I would like to take it in, and there are a number of others here, some six or seven that I know of that will attend if the rates are low enough. There was a low rate made for the Confederate Reunion. I suggest the time as I know of one man at least that wants to buy a lot of stock, some good horses, and possibly some cattle. Tell your fair people to get a low rate if possible as besides this getting visitors, it will result in the sale of stock. Some of our people are getting rich on phosphate and turpentine and they want some good horses."

NICHOLAS COUNTY IN LINE.
As an indication of the interest that is being taken in the fair throughout the State, Judge N. H. McNew, editor of the Carlisle Democrat of Nicholas county, was in Lexington last week, and he is authorizing for the statement that Kentuckians buy a lot of stock and are interested in the fair, and that their stock and farm products to this city for exhibition. Reports from other counties throughout the State greatly encourage Secretary Bahn in his work and he has become more confident than ever that the fair will be in the biggest thing of the kind ever held in Kentucky.

CARLSLE EXCURSION.

There was an excursion from the little city of Carlisle, numbering about 200 persons, which came here on Thursday, over the L. & N. R. R., to see the sights of the capital city, and witness the game of baseball between the Frankfort and Carlisle Clubs. And—alas! alas!—they saw the scalps of the Frankfort crowd hanging at the belts of the Carlisle boys just before they left for home.

CLIMATIC CURES.

The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those that use German Syrup. Trial bottle, 50c; regular size, 1.00. At all druggists. 1 yr.

The marriage has been kept secret until now. Mr. Bryan is a buyer for the American Tobacco Co. His bride is the daughter of Mr. W. N. Allison, of Shelby county, and is an attractive girl. They will go to honeymooning soon in their home on High View.

EFFORT TO COMPROMISE TROUBLE.

An agent of the Traction Co. from another city, who is largely interested in the company, was here in the city for a day or two endeavoring to arrange a compromise between that company and the Board of Education, so that the street car tracks will not have to be moved on Second street. As we understand the plan it is simply that such limbs of the trees in front of the city schools shall be removed as are necessary in order to permit the cars to pass, this to be done under the supervision of the Board; the cars only to run by the buildings when the school is not in session; and the Traction Co. to place a guard rail along the track from the corner of Second and Conway to the corner of Taylor Avenue, so as to prevent accidents to school children.

As soon as a meeting of the Board of Education can be held the proposition will be submitted to that body.

"T'WAS EVER THUS."

The Frankfort Base Ball Club went down in defeat before the little Carlisle boys, on Thursday, by a score of 9 to 4. "T'was ever thus, from childhood's hour, we saw our fondest hopes" decamp. Sent.

Y. M. C. A. EXCURSION.

The excursion up the river on the steamer Warren, on Thursday night, was very liberally patronized—a big crowd going. It was run under the auspices of the Y. M. C. A. But for the fact of the threatening weather about the hour for starting the boat would have been uncomfortably crowded. As it was there were just about as many on board as made the excursion an ideal one. The boat did not return until quite a late hour.

FARMER DANGEROUSLY HURT.

Mr. William Moore, of the Benson precinct, was badly hurt, on Wednesday, by being run over by a mower. It seems that Mr. Moore had started in to cut some hay when the lines became caught in a cog wheel. Mr. Moore jumped to the ground in an attempt to stop the horses from turning in a circle, and was run over by the machine and badly hurt.

Mr. Moore is a bachelor and his sister keeps house for him.

His injuries, which are mostly internal, are regarded as serious. Surgical attention was at once rendered.

LATER—Mr. Jones died from his injuries.

NEW COMEDY OPERA.

"The Girl and The Bandit" Magnificently Costumed and gorgeously Staged.

Taken as a whole, the performance is a merry one, the music is always finely, the principals and chorus work merrily, and the pictures shown are pleasing to the eye.

Viola Gillette, who will be remembered as having been the Prince Charming in "The Sleeping Beauty and the Beast," has the leading role of Violetta. She is a beautiful woman, and equally attractive when she appears in the heavy uniform in the second act. Her rich mezzo soprano is used to good advantage in a number of solos, and particularly so in "All Aboard for Dreamland" and "Troubadour."

The hit of the performance is made by Miss Hite as Quersness, the bandit's daughter. The part is aptly named, and all that Miss Hite does is queer and grotesque to the extreme. From her first appearance, her every motion was a signal for laughter. Her diet and dance with Joseph Miron about the Goliath Man had to be repeated many times. Henry Bergman, as Angello, endeavors to give his characterization atmosphere by introducing an account, but the advisability of adopting such a course is questionable, when no one else makes a similar effort. George McFarlane, as the count, displays a pleasing voice, his first effort, a drinking song, being one of the gems of the performance. Walter Jones, as Clancy, has to great opportunity, but having so clever a partner as Miss Hite, he accomplishes considerable. Alice Dowsy is a dainty little Cherry Clancy, and sings pleasingly; Joseph Miron gives one of his familiar bandit portrayals; Nell McNeil creates some merriment as a bandit.

"The Girl and The Bandit" is among the many notable bookings at Capital Theatre this season.

DAYS OF DIZZINESS

Come to Hundreds of Frankfort People.

There are days of dizziness; Spells of headache, dizziness, backache; Sometimes rheumatic pains; Often urinary disorders. All tell you plainly the kidneys are sick.

Donn's Kidney Pills cure all kidney ills.

Here is proof in Frankfort. L. G. Choate, proprietor of the Frankfort Planing Mill, residing at 428 St. Clair St., says: "In almost constant misery during the day and restless and sleepless at night from the dull aching across the small of my back and through the kidneys, I doctored and used lots of medicine for some years. I also suffered a great deal from headaches and spells of dizziness, and often when I arose I was almost blind for a time. There was a difficulty with the kidney secretions which very frequently were very annoying and distressing. I doctored and used lots of medicine obtaining little or no benefit until Donn's Kidney Pills were so persistently recommended to me by a friend that I went to J. W. Gayle's drug store and got a box. My back feels better and stronger. I can rest better at night and the trouble with the kidney secretions was much relieved. As the result of Donn's Kidney Pills my condition is so much improved that I feel like a new man."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, N. Y., sole agents for the United States.

MR. POORMAN IS CHIEF TAX-PAYER.

R. R. Perry, in an article in the Winchester Sun-Sentinel, discussing Kentucky's tax system, says: "Mr. Poorman is a citizen of Winchester, Ky., or for illustration he could be a citizen of any other city in Kentucky."

"Mr. Poorman is a man of family, he has a little home on which he paid \$500 and borrowed on a mortgage \$500 to make the last payment. If his home is assessed at its value under the law it is \$1,000. The money lender must charge Mr. Poorman additional interest sufficient to pay the assessment on the \$500 loaned so that Mr. Poorman is paying on \$1,500 when his property is worth no more than \$1,000. Mr. Poorman pays his taxes all right, but what per cent. is lost by our unwise, if not vicious, system of assessment and taxation? The county assessor is elected by the people and is allowed a sum that if continued for the whole year in proportion to the time required to do the work, would pay the rich man at the end of his term of four years."

"Mr. Poorman is required to list with the assessor all of his property and give and swear to other facts. How many children of school age, etc. Later a board of supervisors is appointed. They are supposed to be men of judgment and acquainted with values. They are paid for their services. They go over the assessor's list and are supposed to correct any errors that the assessor may have made. When their work is done the report is sent to the Capital, where a State Board of Supervisors takes it up. These gentlemen are paid five dollars per day and expenses including a clerk, to do the work. They sit for a hundred days and have a good time."

"They pass on the assessment of Clark county, where Mr. Poorman lives, and, at their option, take the assessment of the county as a whole, though not one of them may know anything about the value of property in Clark county. After this body has completed their labors the list goes into the hands of the sheriff and Mr. Poorman can go and pay his county and city taxes. The sheriff takes ten per cent. on the first five thousand dollars paid in and four per cent. for the remainder."

"Next comes the City Assessor. He is elected by the council and paid about in the same proportion as the County Assessor. Mr. Poorman is required to go through the same proceedings as with the County Assessor, giving in the same property and swearing to the same facts."

"The City Council appoints a board of city supervisors. It is exactly the same work that the county board has done, going over the same property in so far as the county property is in the city. When their work is completed it is reported to the council and they are paid for their services. The city clerk is ordered to copy the lists into a book for which he is paid. The book then goes into the hands of the city collector, who gets the same per cent. as the sheriff. Then Mr. Poorman can go to the collector's office and pay his taxes."

"Later the Board of Education meets and appoints a school census taker. He seeks Mr. Poorman to find out how many children he has between the ages of six and twenty."

"A thing that he has given and sworn to twice before if the officers have complied with the law."

"We have written this at the request of a number of taxpayers. It embodies in substance the remarks that we made at the park July 14th. There are many other things that could be said along the same line, but this is enough to make every taxpayer think who wants to think."

MAYOR POWELL'S LABOR DAY PROCLAMATION.

All hail, Sovereign Queen of Labor Day! Thy mesmeric mandate our delight it is to obey. Therefore with sweet acclaim I do proclaim Monday, September 4, 1905, a day of rest and recreation in our domain. To all good people a welcome is tendered, sincere as the blush of a modest maid, and pure as the smile of a beautiful babe. Let Freedom's banner wave to the music of Yankee Doodle and Dixie. Unchecked be the poetry of motion to those who enjoy such delightful whirlwinds. Hear booming bombshells of burning eloquence bursting on the breeze. See Senior Shanghai the Sword Swallower. In the dense foliage of the wild tangled wood find the famous fleet-footed fair feminine. Behold the prize baby tag at a pretty mamma's clothes, and pull an ugly daddy's nose. Let whole carloads of innocent frolic and fun be dealt out to everybody. Not Perma or Rocky Mountain Tea, or all the celery and carrot soup and other high-sounding and stomach-soothing syrups, can bring into you such a thrill of joy as the rejuvenating recollection of this colossal celebration. Glory Hallelujah! Rush to Henderson and get a glimpse of Heaven! Labor lungs loosed in a land of liberty. Those who toil best know how sweet it is to rest. When the heroes of the night grow old and the glories of another day shall summon you to work and duty, may you go forth refreshed and live a thousand years of happiness and success.

In testimony of these poetical florid and patriotic truths, I do hereby subscribe my official signature, this 14th day of July, 1905.

IF IT WERE ONLY TRUE.

It has been rumored that the Capital and Electric Light Co. contemplates such an enlargement of its plant as to permit the lighting of dwellings, i.e., and to furnish power for commercial purposes.

We hope this may prove true, as the failure of this company to do this long ago has been the fruitful source of kicks and complaints from our business people and citizens generally.

It is true that Frankfort had, especially, electric power to run her mechanical plants in order to compete with other cities enjoying such benefits.

CALIFORNIA

Do you want to live where the climate is mild the year round—where labor is never oppressed by stress of weather, and where animal vitality is never lost by mere conflict with cold?

Do you want to live in a region where the resources are more varied than in any other equal area in the world, where the division of great ranches affords a fine opportunity to get a small farm that will assure you a competence?

Do you want to live where, with a minimum of labor, you can grow profitable crops of grapes and small fruit, oranges, lemons, olives, prunes and almonds, alfalfa and grain, where crops are sure, business is good and capital easily finds profitable investment?

Then go to California, where both health and opportunity await your coming.

The Chicago, Union Pacific and North-Western Line

is the most direct route to the Pacific Coast, and there are two fast through trains daily via this line, over the famous double-track railway between Chicago and the Missouri River.

Special low round-trip rates are in effect via this line throughout the summer to various Pacific Coast points, and colonist low rate one-way tickets will be on sale during September and October, which give an unusual chance for settlers to make the trip at a minimum of expense.

Daily and personally conducted excursions are operated through to San Francisco, Los Angeles, and Portland without change, on which a double berth in a Pullman tourist sleeping car from Chicago costs only \$7.00, via the
